Northern Exposure Even in Grundy, Alaska, it's unusual to find a naked guy with a bear trap clamped to his ankle on your porch. Her surly neighbor Cooper Graham—who has been openly critical of Mo's ability to adapt to life in Alaska—has trouble of his own. Werewolf trouble. For Cooper, an Alpha in self-imposed exile from his dysfunctional pack, it's love at first sniff when it comes to Mo. But Cooper has an even more pressing concern on his mind. Several people around Grundy have been the victims of wolf attacks, and since Cooper has no memory of what he gets up to while in werewolf form, he's worried that he might be the violent canine in question. If a wolf cries wolf, it makes sense to listen, yet Mo is convinced that Cooper is not the culprit. Except if he's not responsible, then who is? And when a werewolf falls head over haunches in love with you, what are you supposed to do anyway? The rules of dating just got a whole lot more complicated. . . .

"The Frédéric Chopin Annik LaFarge presents here is not the melancholy, sickly, romantic figure so often portrayed. The artist she discovered is, instead, a purely independent spirit: an innovator who created a new musical language, an autodidact who became a spiritually generous, trailblazing teacher, a stalwart patriot during a time of revolution and exile. In *Chasing Chopin* she follows in his footsteps during the three years, 1837-1840, when he composed his iconic "Funeral March"—dum dum da dum—using its composition story to illuminate the key themes of his life: a deep attachment to his Polish homeland; his complex relationship with writer George Sand; their harrowing but consequential sojourn on Majorca; the rapidly developing technology of the piano, which enabled his unique tone and voice; social and political revolution in 1830s Paris; friendship with other artists, from the famous Eugène Delacroix to the lesser known, yet notorious in his time, Marquis de Custine. Each of these threads—musical, political, social, personal—is woven through the "Funeral March" in Chopin's Opus 35 sonata, a melody so famous it's known around the world even to people who know nothing about classical music. But it is not, as LaFarge discovered, the piece of music we think we know. As part of her research into Chopin's world, then and now, LaFarge visited piano makers, monuments, churches, and archives; she talked to scholars, jazz musicians, video game makers, software developers, music teachers, theater directors, and of course dozens of pianists. The result is extraordinary: an engrossing, page-turning work of musical discovery and an artful portrayal of a man whose work and life continue to inspire artists and cultural innovators in astonishing ways"—

The Gold overlords demanded his obedience, hanged his wife, and enslaved his people. But Darrow is determined to fight back. Among them are some Darrow once considered friends. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea. Meticulously researched and beautifully written, the true story of a Japanese American family that found itself on opposite sides during World War II—an epic tale of family, separation, divided loyalties, love, reconciliation, loss, and redemption—and a riveting chronicle of U.S.–Japan relations and the Japanese experience in America After their father's death, Harry, Frank, and Pierce Fukuhara—all born and raised in the Pacific Northwest—moved to Hiroshima, their mother's ancestral home. Eager to go back to America, Harry returned in the late 1930s. Then came Pearl Harbor. Harry was sent to an internment camp until a call came for Japanese translators and he dutifully volunteered to serve his country. Back in Hiroshima, his brothers Frank and Pierce became soldiers in the Japanese Imperial Army. As the war raged on, Harry, one of the finest bilingual interpreters in the United States Army, island-hopped across the Pacific, moving ever closer to the enemy—and to his younger brothers. But before the Fukuharas would have to face each other in battle, the U.S. detonated the atomic bomb over Hiroshima, gravely injuring tens of thousands of civilians, including members of their family. Alternating between the American and Japanese perspectives, *Midnight in Broad Daylight* captures the uncertainty and intensity of those charged with the fighting as well as the deteriorating home front of Hiroshima—as never told before in English—and provides a fresh look at the dropping of the first atomic bomb. Intimate and evocative, it is an indelible portrait of a resilient family, a scathing examination of racism and xenophobia, an homage to the tremendous Japanese American contribution to the American war effort, and an invaluable addition to the historical record of this extraordinary time. My instincts warned me that Alex Volkov is a dangerous man. My mind told me to run when he set his sights on me with unfaltering determination. It's not that I didn't try to resist, but Alex had a game plan. He was always one step ahead of me, skillfully drawing me deeper into his web. Even when he gave me freedom, it was only an illusion. Now, even that illusion has vanished. I'm his prisoner in the truest sense of the word, whisked away to Russia on his private plane. Since writer, producer and actor Trudi-Ann Tierney went to work in Afghanistan

television three and a half years ago, her life has read a lot like the script for a soap-opera. Negotiating with the in-house censor, breaking up tribal fights in the writers' room and having actresses quit because their uncle didn't want them to be on TV are among her workaday travails. Then there are the suicide attacks, including a Taliban assault on the US embassy in Kabul that unfolded at the end of her street. 'I've been through six suicide attacks since I've been here, three of them very close,' she says...When she first went to Kabul, with the promise of work, Trudi worked in an illicit bar. Today she is head of drama at Afghanistan's biggest TV broadcaster Moby Media Group, where she oversees about half a dozen programs, including the country's most popular soap Raaz Hai Een Khana (The Secrets of This House). Occasionally as madcap as Catch-22 and as absurd as One Flew over the Cuckoo's Nest, this is a part-hilarious, part-nail-biting account of a talented TV executive working in a war zone and an environment that is dangerously inimical to women. The author's sense of humour and her love of the Afghan people shines through whatever she says. Savannah's hated the Anderson pack ever since they kidnapped her. That fateful week had big consequences, though, and now she's pregnant with Connor's twins. He's elated. She's...less enthusiastic. She wants the babies but him? Not so much. So why is it every time that she tries to move on, he's right there waiting for her? And why does she compare everyone else to a certain tall, dark wolf? Why does she crave Connor more than pickles and ice cream? human reactions. They need a plan, so they look to Mystic Bayou, a tiny town hidden in the swamp where humans and supernatural residents have been living in harmony for generations. Iris Scanlon, Half-Moon Hollow's only daytime vampire concierge, knows more about the undead than she'd like. Running their daylight errands—from letting in the plumber to picking up some chilled Faux Type O—gives her a look at the not-so-glamorous side of vamps. Her rules are strict; relationships are purely business, not friendship—and certainly not anything more. Then she finds her newest client, Cal, poisoned on his kitchen floor, and her quiet life turns upside down. Cal—who would be devastatingly sexy, if Iris thought vampires were sexy—offers Iris a hefty fee for hiding him at her place. And even though he's imperious, unfriendly, and doesn't seem to understand the difference between “employee” and “servant,” she agrees. But as they search for who wants him permanently dead, Iris is breaking more and more of her own rules...particularly those about nudity. Could it be that what she really needs is some intrigue and romance—and her very own stray vampire?
