Inside Deaf Culture Aug 13 2022 "Inside Deaf Culture relates deaf people's search for a voice of their own, and their proud self-discovery and self-description as a flourishing culture. Padden and Humphries show how the nineteenth-century schools for the deaf, with their denigration of sign language and their insistence on oralist teaching, shaped the lives of deaf people for generations to come. They describe how deaf culture and art thrived in mid-twentieth century deaf clubs and deaf theatre, and profile controversial contemporary technologies." Cf. Publisher's description.

Following a shotgun wedding, the author found herself married to a coal miner who kept her barefoot and pregnant. Shatter the Silence Dec 17 2022 Shatter the Silence is the romantic and long-awaited sequel by New York Times Best-Selling Author Daleen Berry. The sequel to Sister of Silence, Ms. Berry's 2011 breakout memoir

about surviving abuse, *Shatter the Silence* takes place in Preston County, West Virginia. This romantic memoir weaves accounts of the true crimes Ms. Berry covered while working as a news reporter with details of her divorce, her ex-husband's ongoing harassment following their divorce, and finally, her love affair with the police detective who became first, a colleague, then a friend, and ultimately, the man who helped save her life. Readers will weep as they learn about the collateral damage Ms. Berry and her four children sustained, following ten years trapped in a violent marriage. They will cheer when they see her refusal to live the rest of her life as a victim, and will be overjoyed when Ms. Berry realizes she has, as a single mother of four at the age of 27, fallen in love for the very first time. Finally, Ms. Berry's loyal fans will be moved by the tender, intimate moments she shares, as they join this award-winning author on her journey to love and healing.

*Silent Night* Apr 28 2021

*My Daughter Susan Smith* Jun 30 2021 She was never a violent person, never abused her children. She never committed an act of any kind that those close to her could point to

later as an omen of the killing of her children. She loved them dearly. They were her life. But she sent three-year-old Michael and fourteen-month-old Alex to their deaths in John D. Long Lake on a dark October night more than five years ago.

From the Front Lines of the Appalachian Addiction Crisis      May 10 2022 Stories from doctors, nurses, and therapists dealing on a daily basis with the opioid crisis in Appalachia should be heartbreaking. Yet those told here also inspire with practical advice on how to assist those in addiction, from a grass-roots to a policy level. Readers looking for ways to combat the crisis will find suggestions alongside laughter, tears, and sometimes rage. Each author brings the passion of their profession and the personal losses they have experienced from addiction, and posits solutions and harm reduction with positivity, grace, and even humor. Authors representing seven states from northern, Coalfields, and southern Appalachia relate personal encounters with patients or providers who changed them forever. This is a history document, showing how we got here; an evidenced indictment of current policies failing those who need them most; an

affirmation that Appalachia solves its own problems; and a collection of suggestions for best practice moving forward.

Death Sentence Feb 07 2022 The true account of the man who murdered his family in their New Jersey mansion—and eluded a nationwide manhunt for eighteen years. Until 1971, life was good for mild-mannered accountant John List. He was vice president of a Jersey City bank and had moved his mother, wife, and three teenage children into a nineteen-room home in Westfield, New Jersey. But all that changed when he lost his job. Raised by his Lutheran father to believe success meant being a good provider, List saw himself as an utter failure. Straining under financial burdens, the stress of hiding his unemployment, as well as the fear that the free-spirited 1970s would corrupt the souls of his children, List came to a shattering conclusion. “It was my belief that if you kill yourself, you won’t go to heaven,” List told Connie Chung in a television interview. “So eventually I got to the point where I felt that I could kill them. Hopefully they would go to heaven, and then maybe I would have a chance to later confess my sins to God and get forgiveness.” List methodically shot his entire family in their home,

managing to conceal the deaths for weeks with a carefully orchestrated plan of deception. Then he vanished and started over as Robert P. Clark. Chronicling List's life before and after the grisly crime, *Death Sentence* exposes the truth about the accountant-turned-killer, including his revealing letter to his pastor, his years as a fugitive with a new name—and a new wife—his eventual arrest, and the details of his high-profile trial. Revised and updated, this ebook also includes photos.

The Authentic Dissertation \_\_\_\_\_ Dec 13 2019 The Authentic Dissertation is a road map for students who want to make their dissertation more than a series of hoop-jumping machinations that cause them to lose the vitality and meaningfulness of their research. Students and tutors are presented with practical guidance for the kind of alternative dissertations that many educators believe are needed to move Doctoral and Master's level work beyond the limitations that currently stifle authentic contributions for a better world. Drawing on his Cherokee/Creek ancestry and the Raramuri shamans of Mexico the author explores how research can regain its humanist core and find its true place in the natural order

once more. Four Arrows provides a degree of "credibility" that will help graduate students legitimize their ideas in the eyes of more conservative university committees. This inspiring book will also help academics who sincerely want to see these alternative forms but are concerned about the rigor of "alternative" dissertation research and presentation. The featured dissertation stories tap into more diverse perspectives, more authentic experience and reflection, and more creative abilities. They are, in essence, spiritual undertakings that Honour the centrality of the researcher's voice, experience, creativity and authority Focus more on important questions than on research methodologies per se Reveal virtues (generosity, patience, courage, respect, humility, fortitude, etc.) Regard the people's version of reality The goal of this book is not to replace the historical values of academic research in the western tradition, but to challenge some of these values and offer alternative ideas that stem from different, sometimes opposing values.

Guilt by Matrimony      Oct 15 2022 In February 2014, Aspen socialite Nancy Pfister was murdered in her own home—brutally bludgeoned, wrapped in a sheet, and stuffed inside a locked closet. The question was: Who did it? Fewer than twelve hours after her body was found and without any evidence, police decided a married couple from Denver had killed her. Within a few days, they arrested and charged Nancy Styler, a friend of Pfister's who'd had a falling out with her after a business deal went sour, and Dr. Trey Styler, Nancy's disabled husband, who recently lost the family home, his medical practice, and any hope of a peaceful retirement for himself and his wife. Eleven days later, police also arrested and charged Kathy Carpenter, Pfister's underpaid and overworked personal assistant and closest friend. Months later, Trey Styler, who was slowly losing his grip on reality as he battled with mental illness, confessed to the crime. Rampant speculation spread about whether he was involved at all—or if his confession was that of a man on his

deathbed—because a medical condition appeared to have left him barely able to walk, much less carry out such a heinous crime. In *Guilt by Matrimony*, Styler's widow, Nancy, reveals the answers to the biggest mysteries of this case and recounts the trauma of being falsely accused and imprisoned for a first-degree murder she had no knowledge of. And, in the only interview before his death, Trey gives his account of that fateful day. New York Times bestselling author Daleen Berry covers this compelling story from the inside, following the Stylers from their fairy-tale life in Denver to the morning of their simultaneous arrest to Nancy's release from jail and her attempts to rebuild her shattered life. Filled with details from exclusive interviews, a close look at the botched small-town police work, and first-person accounts of what really happened, *Guilt by Matrimony* is the definitive look at a shocking murder that rocked Aspen.

Insurance Distribution Directive Jul 20

2020 This open access volume of the AIDA Europe Research Series on Insurance Law and Regulation offers the first comprehensive legal and regulatory analysis of the Insurance Distribution Directive (IDD). The IDD came into force on 1 October 2018 and regulates the distribution of insurance products in the EU. The book examines the main changes accompanying the IDD and analyses its impact on insurance distributors, i.e., insurance intermediaries and insurance undertakings, as well as the market. Drawing on interrelations between the rules of the Directive and other fields

that are relevant to the distribution of insurance products, it explores various topics related to the interpretation of the IDD - e.g. the harmonization achieved under it; its role as a benchmark for national legislators; and its interplay with other regulations and sciences - while also providing an empirical analysis of the standardised pre-contractual information document. Accordingly, the book offers a wealth of valuable insights for academics, regulators, practitioners and students who are interested in issues concerning insurance distribution.--

The WVU Coed Murders Aug 01 2021 Some said that the killer couldn't be a local. Others claimed that he was the wealthy son of a prominent Morgantown family. Whispers spread that Mared and Karen were sacrificed by a satanic cult or had been victims of a madman poised to strike again. Then the handwritten letters began to arrive: "You will locate the bodies of the girls covered over with brush--look carefully. The animals are now on the move." Investigators didn't find too few suspects--they had far too many. There was the campus janitor with a fur fetish, the "harmless" deliveryman who beat a woman nearly to death, the nursing home orderly with the bloody broomstick and the bouncer with the "girlish" laugh who threatened to cut off people's heads. Local authors Geoffrey C. Fuller and S. James McLaughlin tell the complete story of the murders for the first time.

Developing Narrative Comprehension Jun 11  
2022 Comprehension of texts and  
understanding of questions is a cornerstone

of successful human communication. Whilst reading comprehension has been thoroughly investigated in the last decade, there is surprisingly little research on children's comprehension of picture stories, particularly for bilinguals. This can be partially explained by the lack of cross-culturally robust, cross-linguistic instruments targeting early narration. This book presents an inference-based model of narrative comprehension and a tool that grew out of a large-scale European project on multilingualism. Covering a range of language settings, the book uses the Multilingual Assessment Instrument for Narratives to answer the question which narrative comprehension skills (bilingual) children can be expected to master at a certain age, and explores how such comprehension is affected (or not affected) by linguistic and extra-linguistic factors. Linking theory to method, the book will appeal to researchers in linguistics and psychology and graduate students interested in narrative, multilingualism, and language acquisition.

The Killer of Little Shepherds Nov 23 2020  
Winner of the Gold Dagger Award A fascinating true crime story that details the rise of modern forensics and the development of modern criminal investigation. At the end of the nineteenth century, serial murderer Joseph Vacher terrorized the French countryside, eluding authorities for years, and murdering twice as many victims as Jack The Ripper. Here, Douglas Starr revisits Vacher's infamous crime wave, interweaving the story of the two men who eventually stopped him—prosecutor Emile Fourquet and Dr. Alexandre Lacassagne, the era's most

renowned criminologist. In dramatic detail, Starr shows how Lacassagne and his colleagues were developing forensic science as we know it. Building to a gripping courtroom denouement, *The Killer of Little Shepherds* is a riveting contribution to the history of criminal justice.

Jesus, Paul and Matthew, Volume One Jan 14 2020 This book is the first of two volumes arguing that kingdom ethics is the core substance of the message of the historical Jesus. Paul and Matthew were influential voices in formative Christianity. Some prominent exegetes have tended to contrast Jesus and Paul, as well as Paul and Matthew. This volume demonstrates that Jesus' kingdom ethics—based on divine wisdom, mercy and justice—originated in Stoic philosophy, and that it became a popular ethos of the first-century Graeco-Roman world. This common transformative ethos of crossing conventional boundaries regarding patriarchy, gender injustice and bigotry based on class and sexuality was articulated differently by Jesus, Paul and Matthew. The book will appeal to specialists in the fields of New Testament scholarship and ancient Graeco-Roman and Hellenistic-Semitic literature.

Such Good Boys Mar 16 2020 AN ABUSIVE MOTHER Raised in the suburb of Riverside, California, twenty-year-old college student Jason Bautista endured for years his emotionally disturbed mother's verbal and psychological abuse. She even locked him out of the house, tied him up with electrical cord, and on one occasion, gave him a beating that sent him to the emergency room. His fifteen-year-old half brother Matthew Montejo also was a victim to Jane Bautista's dark mood swings and erratic behavior, but for some reason, Jason received the brunt of

the abuse—until he decided he'd had enough... **A SON'S REVENGE** On the night of January 14, 2003, Jason strangled his mother. To keep authorities from identifying her body, he chopped off her head and hands, an idea he claimed he got from watching an episode of the hit TV series "The Sopranos." Matthew would later testify in court that he sat in another room in the house with the TV volume turned up while Jason murdered their mother. He also testified that he drove around with Jason to find a place to dump Jane's torso. **A CRIME THAT WOULD BOND TWO BROTHERS** The morning following the murder, Matthew went to school, and Jason returned to his classes at Cal State San Bernardino. When authorities zeroed in on them, Jason lied and said that Jane had run off with a boyfriend she'd met on the Internet. But when police confronted the boys with overwhelming evidence, Jason confessed all. Now the nightmare was only just beginning for him...
